# Our Key Features – Resource Outsourcing

## **Corporate Exposure**

The corporate exposure of the resources at Leiten empowers them with real time experience, better understanding of the business processes and corporate culture. It moulds them into a valuable member of your organization paving way for a successful engagement.

## **Domain Expertise**

Choose the right employee for your organization with the required expertise in the desired domain be it Manufacturing, Logistics, Food & Beverages, IT Solutions, Hospitality, etc.,. Leiten understands that the Right choice of workforce with domain expertise and corporate experience is the go-to factor for your organisational success.

## **Flexible Time Zone Alignment**

Leiten offers resources who engage in real-time collaboration, constant and effective communication with the client in the most conducive time zone for the latter. The organic socializing between teams nurtures streamlined project execution.

## **Agile & Adaptive Development**

The Agile and Adaptive methodology of project implementation followed by the resources offered by Leiten ensures constant collaboration with the project stakeholders and continuous improvement at every project stage.

# Our Key Features – Resource Outsourcing

## **Cost Effective**

Entrusting resource engagement with Leiten will eliminate multiple overheads like resource scrutiny, selection and training, and offers your organization the required bandwidth to focus on the core business activities. With its 24 hours On boarding mechanism Leiten adds value to your organization by eliminating the waiting period for skilled resources.

## **Collaborative**

Collaborative operation of the resources through constant Virtual meetings in Off shore development model, periodical assessments and project reviews ensures on time delivery of high-quality project deliverables and consistent compliance of project milestones.

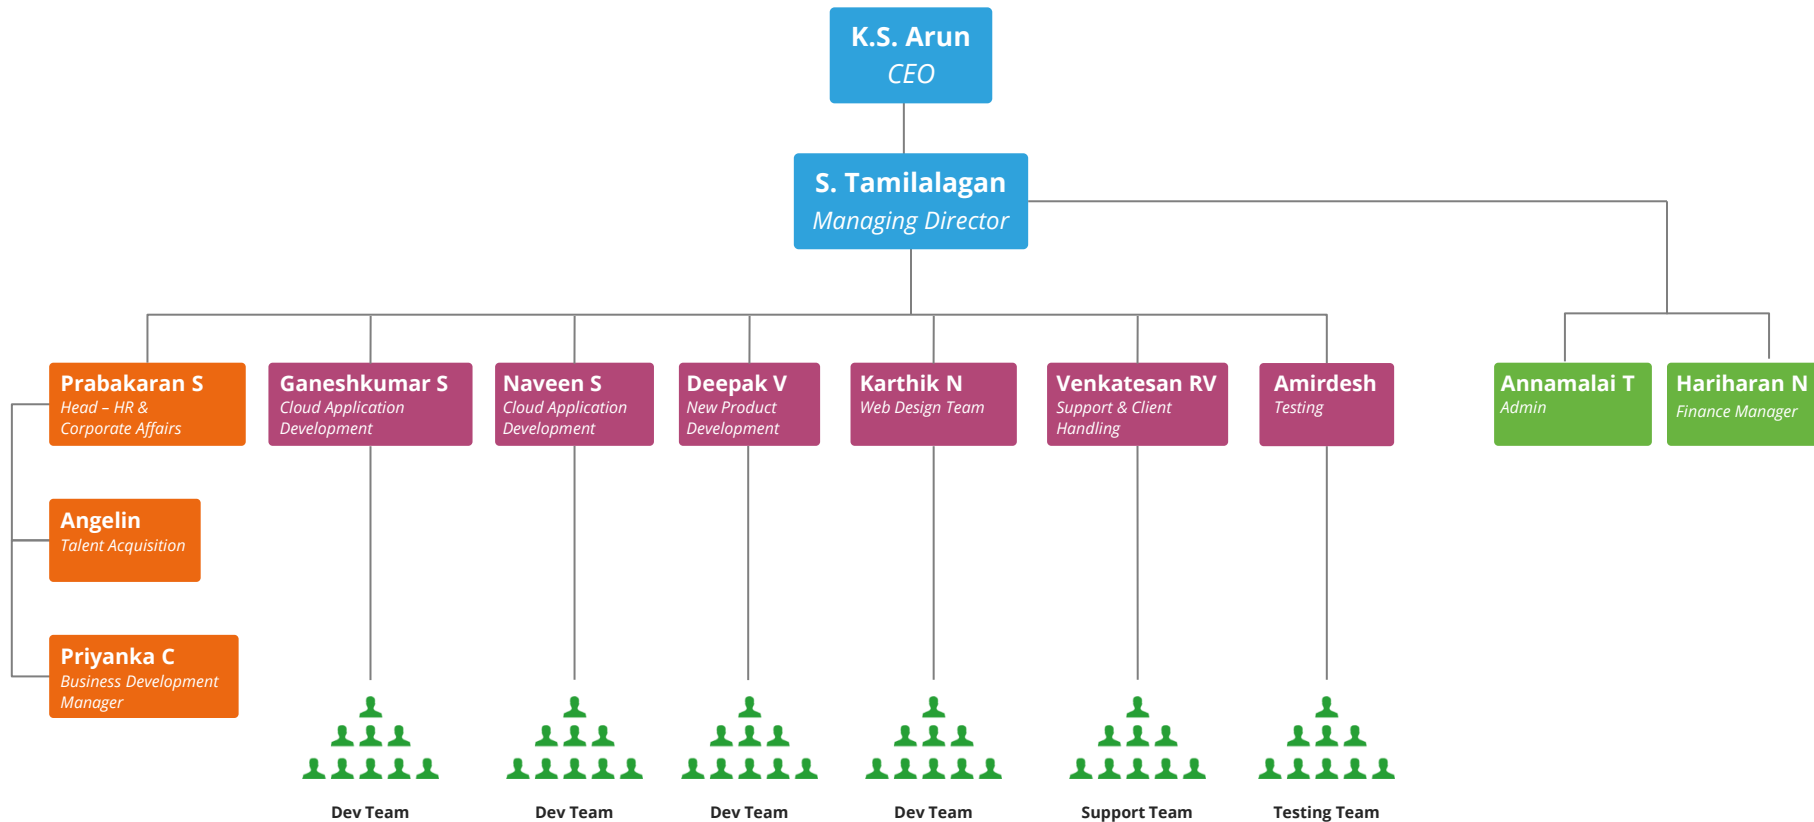

## **High Quality Talent Team**

Pick the right fit for your firm from the Talent Pool at Leiten consisting of skilled professionals with experience who would add value to your business. Leiten also coordinates with Talent Pool outside to find the perfect fit for your business needs.

## **24 / 7 Support**

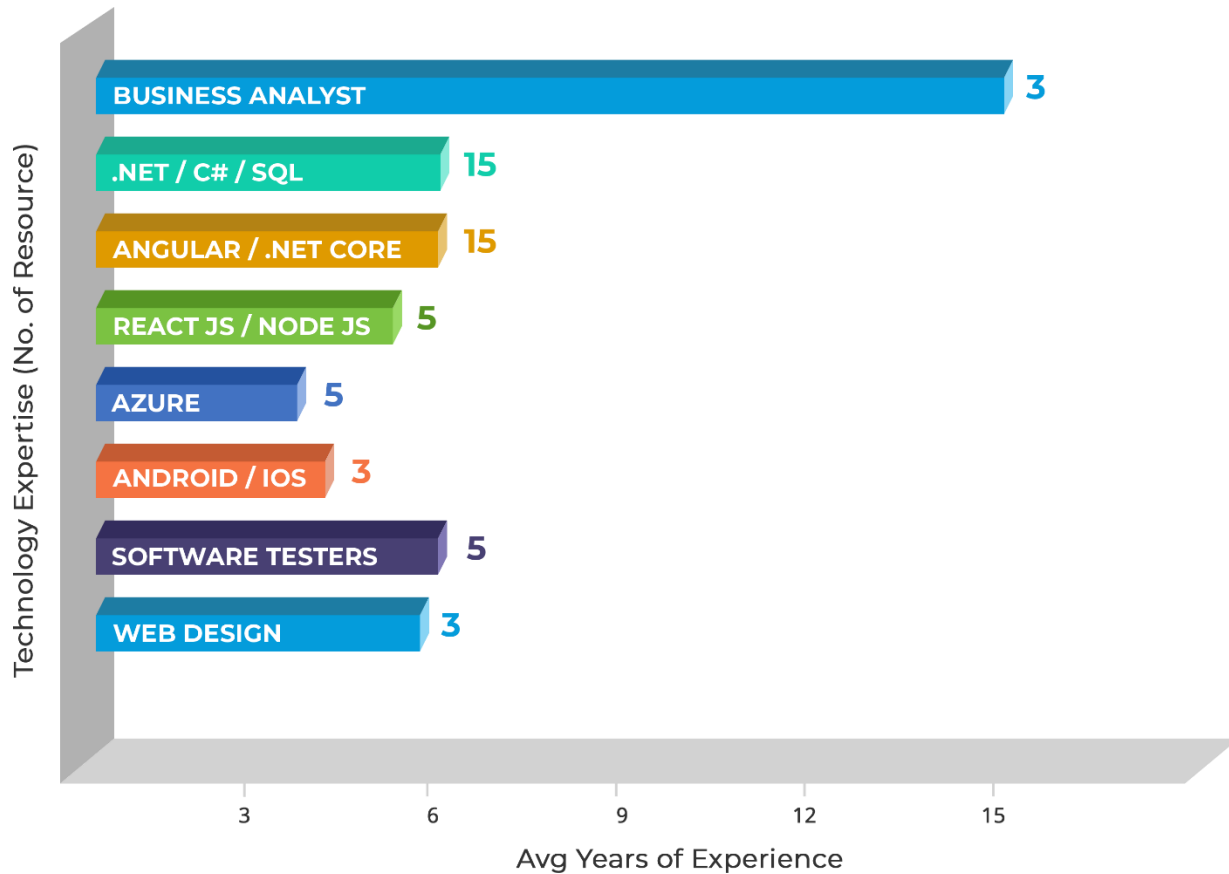

The constant round the clock support facilitates on time delivery of project deadlines, regular evaluation of the customer scenario, efficient and on time technical support and risk management. These proven factors guarantee best resource engagement for your organizations.
